EC3 Seriously Hit by Typhoon Mindulle

敏督利辣手，第三分區落花

Mindulle le catastrophique

The third Expedition Center covers Taichung City, Taichung County, and NanTou. This area lies in central Taiwan; the weather is normally comfortable and the features of the place are pleasant. The original plan was to visit some sites on the Central Crossing Highway, so-called the "Road from God's Hands".

On June 29, Typhoon Mindulle hit Taiwan; it brought extreme heavy rains causing landslides. Almost all the scenery spots on Central cross Highway were destroyed by the huge landslides.

For safety considerations, the Moot Office decided to cancel Expedition Center 3.

第三作業分區的範圍涵蓋台中市、台中縣以及南投縣，位處台灣中央，平時氣候良好，地理景觀奇特，原本路線規劃為行經有「鬼斧神工」之稱的中部橫貫公路，穿越中央山脈到達東華大學。

不巧的是，中度颱風敏督利襲台，尤其是颱風離境之後引進強烈的西南氣流，接連數日豪雨不斷，位於山區的第三作業分區災情尤其慘重。根據氣象局統計，敏督利颱風的降雨量在五天內累計超過兩千厘米，而且降雨範圍非常廣泛，尤其阿里山更以五天內累積超過一七五六厘米的雨量，打破紀錄。

因為颱風造成的災害，中台灣大甲溪沿岸的六大電廠全數泡湯，造成一萬多戶沒電可用，中部地區十六萬戶停水，鐵路有五十三處塌方，全台農業損失達八十二億元，以及多人死傷失蹤的嚴重災情。豪雨更造成山區溪水暴漲，土石流肆虐，多處交通中斷，民宅橋墩被毀，甚至三級古蹟糯米橋也在洪水中化為烏有；因此，大會以安全因素為考量，取消第三作業分區路線。(Karine Hung)
